

Severe Weather Alert

With a thunderstorm or tornado in the forecast, do Meadowlark residents know how to respond?

Here are some definitions to remember and procedures to follow when a thunderstorm or tornado is in the forecast:

Thunderstorms

In a **thunderstorm watch**, no actual storm exists, but conditions make a dangerous storm likely.

A **thunderstorm warning** indicates high winds and dangerous hail are in the area, with the possibility for major damage.

Procedure for all residents during a thunderstorm watch or warning: Stay indoors until severe weather passes. Stay away from windows, if there are high winds or hail. Turn on a weather radio if you have one.

Tornadoes

In a **tornado watch**, no actual tornado exists, but weather conditions make severe thunderstorms likely, with the possibility of creating a tornado.

A **tornado warning** means a funnel cloud has been spotted or an actual tornado is on the ground. Take cover immediately.

Procedures for weathering a tornado differ, depending on the location of one's home at Meadowlark. All independent living residents should go into a building immediately. Do not use an elevator.

Residents in a **West Tower apartment** should take stairs to the first floor and sit out the storm on the first floor near Prairie Star Restaurant. If you cannot get to the first floor, go to the center hallway of the 2nd, 3rd, 4th, or 5th floor. If you cannot get to these locations, stay in your apartment with the door to the hallway closed. Proceed to a bathroom and close the door.

Residents in an **East Village apartment** should sit out the storm in the first floor hallway near Prairie Star Restaurant or walk to the 2nd or 3rd floor hallway of the West Tower. Do not take the stairs.

Pig Out for Parkinson's

Thursday, April 25, at 2:30 p.m.

The 14th annual Pig Out for Parkinson's is from 11 a.m. to 10 p.m. Thursday, April 25, at Rockin K's. This is a great time to learn even more about Parkinson's disease, visit with people affected by PD, talk with medical representatives about different treatments, and, of course, eat great food. We are honored to have CenterPointe Physicians continue as our Prime Sponsor this year. They also will be present for you to learn more about their practice.

Come to Rockin K's at the K-State Foundation Building, 1880 Kimball Ave., during Pig Out for Parkinson's. We provide free education, exercise, and outreach opportunities to people in every stage of the disease and their care partners. Our services are currently benefiting people from age 27 to 98 as they navigate the journey of living with Parkinson's or another movement disorder. If you or someone you know is affected by PD, please reach out to us so we can support them with education, resources, and community.

UMC Bishop Visits Meadowlark

submitted by Ron Williams

United Methodist Bishop David Wilson met with several Meadowlark Hills residents and others in the Flint Hills Room on Sunday afternoon. He was accompanied by the Flint Hills District Superintendent Rev. Jennifer Collins. The occasion was coordinated by Meadowlark resident Rev. Jim Reed.

Bishop Wilson is the first Native American to be elected as a United Methodist Bishop. He is a member of the Choctaw tribe and a longtime leader in many offices in the Oklahoma United Methodist Indian Missionary Conference, and this is his first area where he has been appointed Bishop.

Blue Valley United Methodist was one of the six founding churches forming Meadowlark Hills, so it was natural for the Bishop to visit here.

Bishop Wilson discussed his travels, made more difficult with snow, in Kansas and Nebraska. In his visit, he also discussed the strength of the church in the two states after the disaffiliations, the strengths and dedication of the immigrant pastors

Grow Green Update

by *Becky Fitzgerald, Development Director*

Mark your calendars! The 12th annual Grow Green Match Day, set for Monday, April 22, is a tremendous opportunity for the Manhattan community and Meadowlark Foundation. On that day, donations made through the Greater Manhattan Community Foundation (GMCF) to participating nonprofit agencies will receive a 50% match!

Meadowlark Foundation is joining 89 other local organizations in urging our donors to participate. Gifts to Meadowlark Foundation, which appears as Meadowlark Hills on the Grow Green giving form on pages 11 and 12 of today's Messenger and on GMCF's website, will support scholarships for current Meadowlark employees who would like to further their education to become licensed practical nurses or registered nurses.

As in the past, donations to GMCF-affiliated nonprofits may occur in person at Colony Square in downtown Manhattan, online, or by mailing a check, but this year, there's a fourth option. Give in person at Meadowlark! Meadowlark Foundation has partnered with Greater Manhattan Community Foundation to host a Grow Green Match Day donation station from 11 a.m. to 2 p.m. on Monday, April 22, at Prairie Star Restaurant. Mitzi Richards, GMCF's Director of Philanthropy, and Gary Fees, Director of Investment Services at GMCF, plan to be available to accept donations by check, cash, or credit card. Participants may complete a donation form in advance and bring it to Prairie Star, or complete a form at Prairie Star.

GMCF Trustees who live at Meadowlark – Tom Fryer, Jo Lyle, and Linda Weis – have enthusiastically agreed to welcome donors at our Match Day event, and Prairie Star plans to join the fun by offering several “green” specials, which will be available all day, and include:

- ~ Green Smoothie
- ~ Green Dollar Bill Pancakes
- ~ Green Goddess Wrap
- ~ Fried Artichoke Salad
- ~ Shrimp-Stuffed Avocado
- ~ Watergate Salad
- ~ Lime Chiffon Pie

Persons who give at Meadowlark on Match Day may enter a drawing for green-themed prizes. Thank you for considering this new opportunity to support Meadowlark Foundation and other local non-profit organizations.

Art Engagement *from the Beach Museum of Art*

An artist can use repetition in an artwork to create visual interest and move your eye across the print. The art elements of shape, form, line, or texture may be repeated throughout a composition. Once the viewer's eye attaches to an element, he or she will then begin to move across the artwork to seek out similar elements. As you look at this etching, where do you notice repetition? What elements did the artist utilize? How do you notice your eye moving about the artwork?
