

GROW GREEN MATCH DAY

Future Nurses Appreciate Your Generosity

by Becky Fitzgerald, Development Director

"You make a gift. We make it grow."

These two sentences, long associated with Grow Green Match Day, could have special meaning for Meadowlark Foundation's Match Day donors. Not only do Grow Green contributions grow in value because of a 50% match, but also Grow Green donations "grow" opportunities for Meadowlark employees and "grow" the pool of talented nurses who care for Meadowlark residents.

Just ask Nathalia Da Silva, Laura King, Lilly McHugh, and Heather Sanders. After an application and interview process, these four Meadowlark employees learned last month that they will benefit from the generosity of previous Grow Green donors.

Nathalia Da Silva, a member of the Home Health team, started working at Meadowlark in 2020 when she was 17 years old. She is currently enrolled in an online registered nurse (RN) program through Nightingale College in Utah and is set to graduate in December.

Laura King, a certified medication aide (CMA) in Wroten House, has worked at Meadowlark since 2021. She has been accepted into Manhattan Area Technical College's licensed practical nurse (LPN) program, beginning her coursework in August.

Lilly McHugh, a Lyle House certified nursing assistant (CNA), started working for Meadowlark after graduating high school in 2023, and she's

currently finishing prerequisite courses at Fort Hays State University. She'll begin the RN program at Washburn University in August.

Heather Sanders, an LPN in Stolzer House, also started work at Meadowlark in 2023. She plans to begin her RN coursework at MATC this August.

Supporters of Meadowlark Foundation have the opportunity to impact the lives of future healthcare professionals by participating in the 13th annual Grow Green Match Day, set for Tuesday, April 22. On that day, donations made through the Greater Manhattan Community Foundation to 100 participating nonprofit agencies will receive a 50% match!

Gifts to Meadowlark Foundation, which appears as Meadowlark Hills on the Grow Green giving form and on GMCF's website, will support scholarships for current Meadowlark employees who would like to further their education to become licensed practical nurses or registered nurses. Now in its seventh year, Meadowlark's scholarship program rewards the initiative of talented current employees, while, in the future, providing Meadowlark's licensed care households with highly trained staff in what appears to be a perpetual nurses shortage. Employees who receive a scholarship agree to work at Meadowlark for at least two years following graduation.

Donations to GMCF-affiliated non-profits may occur in person, online, or by mailing a check, and this year,

UFM Class: Duke Ellington

Tuesday, April 22, at 1 p.m.

By the end of his 75th year, Duke Ellington (1899-1974) had played perhaps 20,000 performances in Europe, Latin America, the Middle East, Asia, and, of course, the United States. "His music had reached tens of millions of people in person and via the mass media; he had made thousands of recordings; and most important of all, he had written several thousand compositions, the best of which are likely to resound through the ages." (John Edward Hasse).

This class will meet in two more sessions on Tuesdays, April 22, and 29, at 1 p.m. in the Community Room. The learning opportunity will provide a broad overview of this colossus of 20th century music. To quote Wynton Marsalis, Duke

Ellington "Wrote music to accompany movies, television shows, ballets, Broadway shows...music to be played in gymnasiums, street parades, and charades. Wrote sacred music. Wrote music about the human experience; if it was experienced, he stylized it. In other words, Duke Ellington had a lot on his mind."

Please call UFM at (785) 539-8763 to enroll in this course.

GREEN, from page 1

there's again a fourth option. Give in person at Meadowlark! Meadowlark Foundation's Grow Green Match Day donation station will be operated from 11 a.m. to 2 p.m. Tuesday, April 22, at Prairie Star Restaurant. Two GMCF team members will be available to accept donations by check, cash, or credit card. Donation forms and a table at which to complete one's form will be provided.

GMCF Trustees who live at Meadowlark — Tom Fryer and Jo Lyle — will welcome donors at our Match Day event, and Prairie Star plans to join the fun by offering several "green" specials from 11 a.m. to 2 p.m. Enjoy an Italian Chopped Salad or Fried Green Tomatoes with Crab, for example. Several other Grow Green specials will be offered in addition to the regular menu.

Here's how you may help us attract and retain nurses:

1. Give in person from 11 a.m. to 2 p.m. at the donation station at Prairie Star Restaurant. Residents, Passport members, board members, employees, and family members, are especially invited to donate at Prairie Star.

While at Prairie Star, donors are invited to register to win a Grow Green-themed prize. One

prize will be awarded per hour.

2. Give in person from 7 a.m. to 6 p.m. at the atrium at Colony Square, 555 Poyntz Ave. Donations by cash, check, or credit card will be accepted. Each hour, one donor name from this in-person event will be drawn to win \$100 for the participating nonprofit organization of his or her choice.

3. Visit <https://www.growgreenmanhattan.com/> to give online from 12 a.m. through 11:59 p.m. on Tuesday, April 22.

Meadowlark residents and Passport members who will be out of town on Match Day may still participate. Complete a donation form located at the Hospitality Desk and write a check made to GMCF. Even if giving to more than one organization, write only one check for the total amount. The form you submit indicates to GMCF how you'd like your gift divided. You may leave the form and check at the Hospitality Desk, and it will be submitted to the Grow Green team on Match Day.

Thank you for considering this opportunity! If you have questions, please contact Becky Fitzgerald, Development Director, at (785) 323-3843.

Art Engagement *from the* Beach Museum of Art

If you are going to color Easter eggs, the eggs need to be gathered first. If you imagine yourself stepping into the space shown here to reach in and grab these eggs, what textures would you feel? As you list different descriptors (smooth, fragile, squishy, scratchy, rough, warm, or others), what do you see that brings these physical sensations to mind? Because you are viewing a screenprint, the texture you are experiencing is implied. However, the artist needed to communicate the imagined texture to the viewer with successful techniques. What elements did the artist use? Think about line, space, value, and color.
